Attention: Freedom of Information and Privacy Officer

Dear Sir/Madam:

Pursuant to the *Freedom of Information and Protection of Privacy Act*, I wish to make a request for all records in the possession or control of the Oil and Gas Commission ("OGC") relating to the Shell Bullmoose gas well B-003-G/093-P-03 (the "Well").

This request includes, but is not limited to, any emails, field book notes, memos, meeting notes, correspondence, well data records, flaring reports, stack testing results or data, and inspection reports regarding the Well in the possession and control of the OGC, and is for the time period of August 1, 2003 to the present.

I am acting on behalf of Ms. Donna Getz in making this request. As you may or may not be aware, Ms. Getz is concerned that she, and members of her family and friends, has been exposed to harmful emissions produced by the Well in the time period of August 18 – 21, 2003. Ms. Getz in particular suffered acute facial reactions on August 21 that are consistent with exposure to sulphur compounds. Ms. Getz is also of extremely limited financial means. As this request is made on behalf of an individual of limited means, and in relation to a matter of personal health and bodily integrity, we request that you waive any fees that may otherwise be assessed for this request.

Thank you for your timely assistance with this matter.

Sincerely,

Timothy J. Howard
Staff Lawyer
